**RESPONSE TO RESTRICTION REQUIREMENT**

Sir:

In the Office Action dated May 9, 2006, the Examiner requires election of a single species for examination. Specifically, the Examiner requires election between the inventions of:

**Group I:** Claims 1-18, drawn to a catheter; and

**Group II:** Claims 19-23, drawn to a method of introducing liquid.

Applicant respectfully disagrees with the restriction requirement, and submits that the Examiner has not established a *prima facie* case as to why it would be burdensome to examine all claims together.

In order to advance prosecution of the application, however, and without conceding the propriety of the restriction requirement, Applicant hereby elects, without traverse, the invention of Group I, Claims 1-18, drawn to a catheter.
